Welcome to the most **finger lickin', rib ticklin', lip smackin', stick-to-your-ribs** delicious sauce that you will ever put in your mouth... period! FunniBonz products are designed and created following our exclusive "BBQ/365" philosophy. We believe that there are many ways to appreciate a good barbeque sauce aside from just cranking up the grill in the summertime! That's why all FunniBonz products are designed to maintain their consistency whether cooked on a grill, heated on your stove, or used as a sauce in your oven. They are formulated to offer the most versatile flavors whether you are making ribs, chicken, fish, beef, or veggies.
